

## Supporting Young Aviators

SAAA welcomes all who are interested in aviation.

Our Members often invite schools and their students to be involved with their projects, and SAAA itself is investigating the sponsoring of aircraft build projects around the country.

Our Members also love flying, and so there are always opportunities to be taken up for a fly to really discover the wonderful world of aviation.

SAAA offers Student Membership for enrolled students under the age of 21 years – at just \$60/yr, this is great opportunity to connect with aviators, get involved with the world of aircraft building and flying, and receive a copy of SAAA's quarterly magazine.

Are you ready to be part of aviation?

**Research – Guide – Engage**

## How can I be involved aviation?

There are many opportunities in aviation – just having fun as hobby or taking up a career in the world of aviation.

If it's a recreational / hobby interest you have, talk to SAAA or the many other sport & recreational organisations.

If it's a career you are interested in, here are some of the opportunities in civil and military aviation:

- Pilot
- Air Traffic Controller
- Maintenance Engineer
- Avionics Engineer
- Cabin crew
- Aeronautical Engineer
- Aviation Administration
- Doctor, paramedic or nurse with the RFDS or the various rescue and medivac organisations

You can be any of these with the right support and direction.

**Research – Guide - Engage**

## Where do I find out more?

You can find out more information about the opportunities, careers and how to get started by talking to the many flying organisations such as SAAA – talk to us, and we would be happy to help you.

You can also get in touch with:

- Schools or universities who may have aviation clubs and courses
- Your local Aeroclub
- RAAF cadets and ADF recruitment centres
- AGAA Affiliates [www.agaa.org.au](http://www.agaa.org.au)
- Even get on to Google!

Our Members would welcome the opportunity to talk to you about their experiences, challenges and their love of all thing's aviation.

We at the SAAA believe aviation offers exciting, challenging and rewarding opportunities.
